FULFILLMENT HOUR

IT'S TIME TO GET IN THE GAME

Fulfillment Hour" is about how a church can fulfill all of the purposes and mission of the church through a systematic, balanced and creative approach within the context of an hour. This is not a theoretical book of untested ideas. It is a careful presentation of how it is being done and how the same principles can be applied to any church anywhere. Jackie Henderson and Joan Johnson have skillfully articulated this approach. These pages will challenge, inspire and bless all who read them. I commend it to every individual and church that is serious about ministering to and with the people in our churches. Fulfillment Hour will teach you how to use the time we have available to the greatest advantage. God will bless you as His Spirit reveals fresh, new concepts through this book.

Fulfillment Hour: Fulfilling God's Purposes for the Church Through the Sunday School Hour.

MINISTRY OF FAITH MINISTRIES INC. FULFILLMENT HOUR MINISTRY

Ministry of Faith has adopted the Fulfillment Hour Model. Through this model we can systematically empower believers to operate in the spiritual gifts that God has given them . We believe that the church is an organism of parts that require each part to function within its full capacity. Fulfillment Hour also gives us a picture of the Health of the Church.

Due to the pandemic we have seen a challenge in how we operate as a church.

But in the same way persecution led the early Church to spreading the Gospel outside their normal boundaries. Fulfillment Hour has allowed us to see our weakness and strengths. Because of the Fulfillment Hour Model it challenge each Leader to become innovative, and flexible in how ministry is done. Listening to the Holy Spirit made this an easy transition for many. The fundamental principles behind the model kept the ministry moving forward in the face of many new and old challenges.

Fulfillment Hour: Fulfilling God's Purposes for the Church Through the Sunday School Hour.

The Nucleus

The nucleus is the center of an organic cell and contains material that makes up the organism. It is the blueprint or identity of the organism. The nucleus determines the distinctive identity of the church. Imagine a church with Fulfillment Hour as its nucleonic core. A Fulfillment Hour church has a certain blueprint that the church follows for spiritual development and church growth. As Fulfillment Hour grows, so grows the church. In essence, the church grows through Fulfillment Hour.

The Infrastructure

An infrastructure is the fundamental structure of any system or organization. It is the underlying architecture that determines how well the system functions. Fulfillment Hour gives the church an infrastructure to carry out the purposes of God with ease, flexibility and without duplication of effort. Roles and responsibilities relative to carrying out the purposes of the church are assigned primarily to the Fulfillment Hour. Thus, Fulfillment Hour becomes the main administrative arm of the church for evangelism, discipleship, fellowship, ministry and missions. Fulfillment Hour works with the church's ministry leaders to plan, organize, implement and evaluate these functions of the church.

The Delivery System

Delivery involves implementation. The best planning and organizing are in vain if implementation fails. To assure successful implementation, all ministry leaders operate their ministries through the Fulfillment Hour. The advantage of the Fulfillment Hour delivery system is that it puts more people to work carrying out the purposes of the church. For example, Fulfillment Hour has an Evangelism/Outreach Leader for each class who involves the whole class in evangelism instead of the church operating with one minister or director of evangelism and the traditional handful of soul-winners. Thus, Fulfillment Hour is the employment agency of the church.

I John 3:15-19 (KJV)

(15) Whosoever hateth his brother is a murderer: and ye know that no murderer hath eternal life abiding in him.

(16) Hereby perceive we the love *of God*, because he laid down his life for us: and we ought to lay down *our* lives for the brethren.

(17) But whoso hath this world's good, and seeth his brother have need, and shutteth up his bowels *of compassion* from him, how dwelleth the love of God in him?

(18) My little children, let us not love in word, neither in tongue; but in deed and in truth.

(19) And hereby we know that we are of the truth, and shall assure our hearts before him.

love is sacrifice

Ken Hemphill and Bill Taylor wrote, "The Sunday School teacher and all other Sunday School leaders must model the truth that God transforms lives day-by-day. The leaders must move beyond being content with transferring biblical information and calling for discussions about application to walking with their learners in obedient, Christ-centered living." Fulfillment Hour leaders are given the task of setting the standard for the church. This standard places Fulfillment Hour in the role of moving ministry to the next level.
